I really enjoyed working with Williams on this assignment. He was very knowledgeable, and I learned a lot from him as he was already familiar with VS code. He was also an excellent navigator and was very helpful in finding mistakes and helping me correct them.

The only thing that I was sad about was that I did not feel as comfortable as him in the assignment and he had to take a lot of time to explain to me a lot of things but other than that working with him was an excellent experience

I would enjoy working with Williams again!
