

CSC150 Peer Review - Example

Your Name: Williams Asante
Teammate Name: Sara Kone
Assignment: College Database 2

Write a brief paragraph(s) that highlights strengths and, if applicable, offers constructive feedback.

Keep the tone respectful and focus on the outcome (what was done), not personality. Consider using AI to ensure that the recipient receives the peer review in a positive and productive manner, even if constructive feedback is required.

I really liked working with Sara Kone. She had a good attitude, was always on time to meetings and was always ready to learn new things as well. When we got stuck, she didn't give up. She looked things up and tried to figure out what to do next.

We both had trouble solving problems, so we used AI for help, which is okay because we're still learning. I think both of us will keep getting better at finding and fixing issues on our own.

I enjoyed working with Sara and would be happy to do another project together in the future.
